Our System is the "Shy" Person's Secret Weapon! 2

People Fail! Systems Don't!

Bottom line, people fail in a home business because they don't have an easy to use marketing system. Many business opportunities are too complicated for most people to understand and operate.

Our system is fully automated and ready to go. That's the smart way to operate your business. And it's the reason why this business can succeed for you in ways other businesses couldn't.

That's the power of combining an online special report and information booklet like the one you are reading along with the pre-recorded online videos. These tools work 24 hours a day, 7 days a week presenting this opportunity for you.

The automated marketing system delivers the perfect marketing message to qualified prospects every time. **You literally have hundreds or even thousands of little "Silent Salesmen" working for you day and night!**

Since you are on this website and reading this report, it is obvious that the system works! You will also be provided with everything you need to get you off to a fast start to help you succeed too.

1. Here is what you will do:

Using a postcard, flyer or sending online traffic to a group of people who are interested in a home business just like you. This is a very simple system, do not over complicate it or try to reinvent the wheel. Remember the success of a system is if other people can duplicate what you do.

2. Here is what your prospect will do:

They will be directed to your website to view the online video presentations and read the booklet and report just as you are now. Your specific member capture page tracks prospects directly back to you. This will give them all the details about this system and the income opportunity.

3. Here is what we will do for you:

We will take your prospects calls, answer any questions and encourage them to join with your member ID#, generating a sale for you. We will maintain the system website that does all the telling and selling, create and test high converting marketing materials for you to use and recommend trusted vendors.

"To sum up what we knew we had to create was a system that should only take a few hours per week maximum, not require any selling or subject you to any rejection, cost very little to get started, generate an immediate return and build a downline at an extremely rapid rate." - Roy & Ron

Roy Babineaux
Co-Founder

Hello, and welcome to Turnkey Income System. Roy and I would like to tell you about our money making system that is absolutely remarkable.

"Our personal mission is to help everyday people achieve financial security by helping them create long-term residual income, time freedom and improve their overall health and well being"

Ron Forney
Co-Founder

We're going to be honest with you. We know that a high percentage of those people who try to build a successful home-based business so that they can support their families fail - and fail miserably. We're here to tell you that you CAN do it, and that we want to help you achieve your dreams.

As a successful business owner for over 20 years, Roy experienced huge success with his company, Cajun Country Candies. In fact, he had over 500,000 distributors - that is more than 1/2 million people!

During those years, he realized that his true passion was helping other people make money. He loved helping people more than he loved the business itself.

Part of the reason we're so driven to help people be successful in network marketing is because we know first-hand **IT WORKS with the right system.**

What qualifies us to teach you how to make money with a home business? First of all, we have achieved huge success in our own lives. Secondly, we know that some systems work, and others do not.

We have built close relationships with the people who are experts at implementing a system and achieving exceptional results. It takes a team to make any network marketing system work, and we have such a team.

I have been in the industry for over 34 years and have focused on creating simple turn-key systems that can be easily duplicated.

We do one thing VERY WELL – "We Help Real People Make Real Money!"

In Roy's previous business, his amazing "Money Magnet" direct mail marketing system helped many people make HUGE INCOMES FROM HOME.

We both know this NEW system will surpass what his previous system did!

We sincerely want to see you succeed and hope you will be as excited as we are as you review all the information on this website and view the online video presentations!

May God richly bless you and your family,

Roy Babineaux & Ron Forney
Co-Founders of the Turnkey Income System

A Marketing System is a Repeatable, Predictable Routine a Marketer uses to Succeed!

Together We Can Make A Difference!

Roy and I were sad and frustrated seeing so many wonderful people get ripped off in the home business arena. We were tired of all the hype, lies, and out right deceit that is rampant in the industry today. We made it our personal mission to create a community of like minded individuals who operate on higher ideals.

It is our desire and that of several top leaders to truly make a difference in the lives of each person on our team. We as an organization are governed by a higher set of principles.

“We firmly believe that people really matter and we genuinely care about them. We are committed to do whatever it takes to help each person reach his or her personal goals.”

The core values that guide us are:

People Matter - Every person is worthy of respect, and deserves fair treatment and the opportunity to succeed to the fullest extent of his or her potential. We make every effort to let people know that we care and are here to help serve them.

Integrity - Integrity is essential in all aspects of life, to our overall success as individuals and as a team. We place a very high value on honesty and an overall importance on personal character.

Excellence - Each person is responsible for achieving personal goals, as well as giving 100 percent effort in helping achieve team goals. By striving for excellence we further the potential for individual and shared success.

Partnership – Working in partnership and promoting the success of every team member creates a win-win situation. We always try to do what is in the best interest of our entire team for the long-term.

Trust - We work hard to earn and maintain the trust of our members and our entire community. We value open communication and transparency in everything we do. We would expect the same from you.

We make the pledge to always abide by the above values and to operate the business, according to the highest moral, business, and ethical standards, no matter what.

The system was structured to MAKE MONEY QUICKLY, this way distributors can finance their growth with profits from their business. It also allows a greater percentage of networkers to get into profit quickly and recover their investment.

Roy Discovered A Strategy That Changed His Life Forever!

We are going to share with you a business model that has proven itself to work. The system that we have perfected does work while the income keeps growing each month.

This model is based off the very same model that Roy Babineaux used to help hundreds, even thousands of individuals to make a great deal of money, and many, many more who made a very comfortable monthly income. And they all did it by using his tested, proven, direct mail program.

Let's take you back in time and share how Roy created an amazing system called "**Money Magnet Systems**" that changed everything!

He was able to create a consistent income from home, in less than one year, by developing a simple direct-mail marketing system that literally ANYONE could use and profit from. He combined it with his "work-from-home opportunity."

The opportunity was his own company called "**Cajun Country Candies**" that provided delicious mouth watering candy from family recipes that were handed down to him. What was so amazing was the fact that Roy was both a manufacturing company and a network marketing company simultaneously.

Roy's company had a very simple and fair compensation plan that helped people create long-term residual income. (**Ongoing Monthly Income**)

That's the real benefit of "product based" programs... you can create long-term income that can last decades!

Roy sought out experts in the area of marketing to help him succeed with his Money Magnet System. What he discovered was a unique style of advertising that changed everything. Direct Mail Marketing.

He learned how to write profitable direct mail sales letters and postcards from industry leaders; and "long story short", it ended up changing his financial life forever more. Ultimately he grew a massive team (over 500,000 distributors) and helped many members enjoy ongoing residual checks every month.

One of the main reasons why people fail in business is... "They Don't Have A Simple Marketing System"

When we created "Turnkey Income System" we knew that one of the main reasons why people fail in a home business is... The Lack of a Proven System to Help them Make Sales !

People who fail don't have enough marketing experience or training to be able to effectively grow their business. This is especially true during the extremely critical start-up period of any business. If a person can't make it over that "hump," they're doomed to failure.

We took the proven business model that Roy had used for Money Magnet Systems and enhanced it to solve several problems most people were experiencing in the industry.

You will see why people are so excited and having so much success because *they mail a post-card, flyer or send targeted online traffic to their personal website and they can create both up front money as well as ongoing income week after week!*

"Finally... A Proven Way Of Using One Powerful System To Generate Multiple Streams Of Income All From The Same Marketing Efforts!"

The real "secret" to making money, lots of money - fast and consistently in a home-based business is having a simple, proven, step-by-step "system" that does **most of the work for you**. In order to achieve real success, the system must be able to **create money up front as well as long-term, residual income**. This is important for many reasons - here are just two of them.

#1 - You must have "front-end" cash-flow. Up front cash helps you begin to see success almost immediately. Plus this up front cash gives you money to continue advertising. That's the life blood of any business.

#2 - You must have "back-end" long term "walk-away" residual or (on-going) monthly income for your future financial independence and security.

Our automated marketing funnel system has taken years to produce and perfect. Many people are using this system and the program attached to it to create weekly residual incomes!

The simple fact is this – making an income from a home business opportunity is not as complicated as you think as long as you are provided with a **proven system that actually works, is easy to follow and allows your income to build automatically.**

The point is this – there are **CRITICAL FACTORS** that must be in place in order for the "Average Person" to produce real results and a real income from a home-based business. With these factors in place, ***the system will work every single time regardless of your situation, knowledge or experience.***

We chose a Specific Program That Favors the "Everyday Person." We researched, tested and are recommending the best opportunity that can help you generate **Residual Income** that comes in while you're sleeping, on vacation, spending time with your loved ones, or just chilling out and relaxing. **You don't have to waste your time or money searching for a legitimate opportunity we did that for you.**

We've Developed an Easy Way to Earn Money from Home.

Truly, it is like nothing you have ever seen before. It is for real and people are making money with the business because they are using our automated marketing system.

Most people who join a network marketing (MLM) company never make any money. Why? They have no support; no way to duplicate their sponsors' efforts; they dread having to "sell" their product for fear of rejection, fear of failure, etc.

With our Turnkey Income System, there are no opportunity meetings to attend, no paperwork, no badgering of friends and relatives, no personal selling required.

We have developed a completely automated sponsoring system. With our system, there are no MLM recruiting problems. People are drawn into our system themselves. They join without having their arms twisted. Sponsoring is done for you automatically.

In a nutshell, all you have to do is distribute our sales literature, such as mailing postcards, flyers or sending quality traffic to a proven list of people who are interested in a home business, and our office staff does the rest for you.

When your prospects enroll into the chosen company we promote with a product purchase, you will receive a commission for your marketing distribution efforts!

For a limited time, there is no extra enrollment fee to become a member of our Turnkey Income System. You simply enroll as an affiliate in the company our system promotes. We'll tell you more about that later.

Our system combines the best features of [Network Marketing](#), [Internet Marketing](#) and [Direct Mail Marketing](#) into one powerful, money-generating program.

How Our System Works

Turnkey Income System (TIS) is a complete turn-key sales literature distribution system.

Turnkey Income System is an automated system for marketing and recruiting, **which promotes one independent "Network Marketing" company.** When you become a member of the chosen program you will be assigned your own unique replicated website by the company.

The new member simply includes their unique TIS ID# or web link in the designated spot on the sales literature we make available, such as our postcards and flyers. Or you can choose to purchase traffic and send prospects directly to your personal website.

For example, let's say that you mail our postcards to a mailing list of people interested in a home business. The postcard you mail will in effect, **direct people to our website, just as you are doing now.** Then your potential member will be directed to the network marketing company's website using your unique link to review all the information about the opportunity and to join.

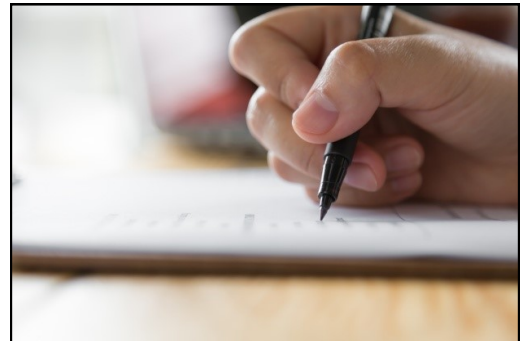

When the prospect receives a postcard or letter, they will be directed to our Turnkey Income System website.

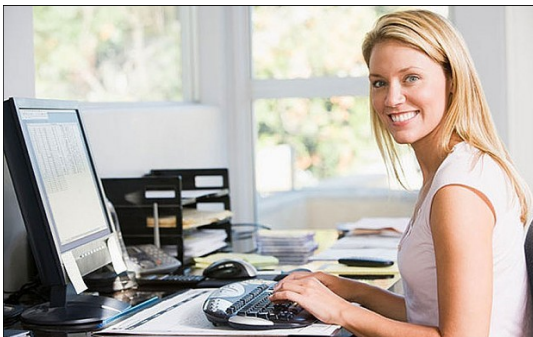

Your Turnkey Income System member ID# Number is listed on your postcard/flyer. If sending online traffic, you will use a specific website address that is your personal website.

Example of Your TIS ID#: 1234

Your ID# Number goes into the box on the Postcard/Flyer that is sent to your prospect.

When your prospect joins the specific company we chose, they are now in your “downline” and are ready to work our system.

We keep track of you and your people with our ID Number Computer Tracking System. By entering your ID # into the computer we can track that they have joined with you. When a new distributor enrolls into the company we promote **with a product order**, you will receive a commission from the company they joined because your online and offline marketing efforts.

All you had to do is get our sales literature into the hands of the prospect. The prospect and Turnkey Income System does the rest for you. What could be simpler?

But here is the beauty of this program. By working our Turnkey Income System consistently, you will build an organization or network of active distributors and customers.

Have each of your distributors in your sales force **duplicate** what you are doing, and have them train their people to duplicate themselves and watch your downline explode and your income skyrocket!

Anyone who can distribute our sales and marketing tools and can show others how to do the same, has tremendous profit potential to look forward too!

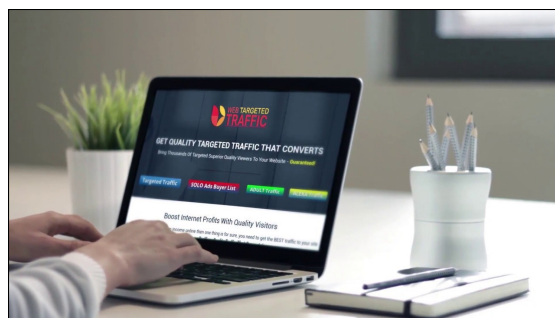

Print and Mail Service

Is your time limited? Don't have time to write your dealer number and affix name labels and stamps? We can refer you to a provider who can handle all of that for you. They will print your TIS member ID number on the postcard or flyer, affix the name label and stamp, and mail it for you.

Website Traffic Service

Want to build your business online? Generate your own exclusive network marketing leads by sending high quality, highly targeted business opportunity seeker Premium Pay Per Click website traffic right to your Turnkey Income System lead capture page. All the leads that the traffic generates are yours exclusively!

To Recap, This Is What Happens

You become a member of Turnkey Income System by enrolling in our chosen company.

What's so exciting is being able to earn up front and long term commissions at the same time through one marketing effort!

Distribute our sales literature encoded with your TIS member ID number or send targeted traffic directly to your personal Turnkey Income System website. That's all you do; the prospect and Turnkey Income System take care of the rest for you.

YOU...	Distribute our literature such as handing out or mailing postcards or flyers. Or send paid traffic to your personal TIS website.
WE...	<p>If the prospect has any questions we will answer them so you don't have to. We will encourage them to join with you in the chosen company we promote. When they join they are now in your downline organization.</p> <p>When they place an order in the company you get paid commissions and also on all those people they recruit and their sales.</p>

That is how easy our system works! We have the easiest, most duplicatable money-making system in the world. Who can't hand out, mail or otherwise distribute our proven sales literature? Who can't buy targeted MLM traffic online and drive quality prospects to their capture page?

We have a totally turn-key, duplicatable system that anyone can work and make money at. No matter if you failed in network marketing in the past. Forget the past! You can succeed with us!

MLM failures and burn-outs are welcomed, assisted and supported. If you gave up on network marketing, you won't give up on this. There is no fear of rejection, no badgering of friends and relatives, no selling required.

Can you mail a postcard? Can you mail or hand out flyers? Can you buy targeted online traffic? Then you can build a downline sales organization!

Turnkey Income System (TIS) is a support and service oriented organization that helps our members to earn money easier than ever imagined.

Roy Babineaux and Ron Forney have pooled their experiences, which includes copy writing, ad creation and design, mail order and network marketing experience, telephone skills, online marketing and a love of people into a powerful money-making system.

Using our system helps everyday people easily sponsor people into the program. We are providing the **vehicle** to wealth. You must get in and **drive**. In other words, you must provide the desire and effort to make it work. **The System will work for you, if you work the System.**

Our sole purpose is to provide an efficient means of starting a downline for a new distributor and thereby to provide for and insure the greatest success for the distributor. We are providing the methods and staying power that individual distributors usually lack in starting their own independent businesses.

TIS provides a service that the network marketing industry has always needed — a duplicatable, proven, workable system that makes it easy for the average person to recruit new distributors.

TIS is very successful because we developed a marketing system that **makes us do most of the work** and **allows the member to keep the commissions!**

The role and place of TIS is also that of a trainer and sales organization acquiring leads and sales for our members. These activities are exactly the appropriate functions a sponsor should have of its downline. We have merely organized the approach in a systematic and efficient manner.

The Power of “Multiplex” or Multiplied Income

When you join Turnkey Income System by enrolling in our chosen program, you will be rewarded by the company for finding and showing others how to do what you are doing to make money and for **them** showing others, and **those others** showing others. This can go on for many levels of people deep. And depending on your productivity and leadership abilities, you can earn an extra bonus from product sales down through unlimited levels.

(NOTE: You are not rewarded for the “right to recruit” people, but are paid a commission on the amount of product that person is responsible for selling and for total product sales volume in your downline organization. Our entire plan is based upon sales of products — NO ONE EARNS ANYTHING UNLESS THERE HAS BEEN SALES OF PRODUCTS.)

Turnkey Income System (TIS) is not a Network Marketing (MLM) company. We do not pay any commissions and do not receive any money from the mere recruitment of people. TIS makes no claim or warranty regarding the sales, response rate, or income of any of its member distributors.

Any earnings from the company we’ve chosen is solely dependent upon the individual’s efforts. TIS is an independent group separate from the chosen network marketing program, and is not responsible for any refund or representation of any other company.

Any claim or dispute about any product, commission or refund shall be handled directly with that company. TIS does not warrant the quality of the product or earnings of any company or distributor and the marketing plans and products are separate and distinct from the services provided by Turnkey Income System.

We Have Solutions That Will Help You Succeed In Your Home-Based Business!

We understand why most people fail in a home-based business. They simply jump from program to program and continue to make the same mistakes over and over again. We designed our system with specific solutions to the most common problems so you can avoid failure and achieve success!

1. Money - The #1 problem most people face is that they don't make money fast enough. In most cases it simply takes too long to make money. Most people quit in disgust after a few months of trying because they run out of money.

Our solution... selecting a program with a pay plan that helps you get into profit quickly and with fewer people. Up front cash helps you begin to see fast results!

2. Sales - Most people are not good salespeople and don't want to be in sales anyway. If a program expects its members to sell in order to be successful, more than 95% will fail! (that is a fact)

Our solution... a system that does all the telling and selling 24/7 for you. You will never have to make a presentation to anyone.

3. Time - People don't have enough time. First of all, you have a life, a job, maybe a family. You don't have 4-5 hours a day to work your new business no matter how motivated you are.

Our solution... automated methods that do much of the work for you. Just follow the simple steps and let the system do it's job.

4. Duplication - They don't have a system that can be easily duplicated. With most businesses, you not only have to "get people involved," but once they're involved, you also have to make certain THEY will SELL. (Good Luck!)

Our solution... the system we use is totally unprecedented in the home business arena! Duplication is inevitable because it is simple and easy to use. Every person that joins just follows the same proven plan.

5. Rejection - The average person can't take the rejection. Only the toughest of sales people have thick enough skin to endure the process of constantly being exposed to rejection.

Our solution... "Rejection Free Marketing." You will never have to face being rejected. The system educates prospects and we handle their calls.

5 Reasons Why Our Team Members Are Having So Much Success & You Will Too!

PROVEN SYSTEM When you join, you will have access to our **step-by-step turnkey direct mail and online system, so you can get off to a fast start.** There's literally nothing to figure out and you don't have to spend long, frustrating hours to study or learn something complicated before starting.

PROPRIETARY PRODUCTS You cannot buy products like these from any other source. **And when you offer products so unique that get results, people continue to reorder month after month.** The company has one of the highest reorder rates in the industry! This means long-term residual income for you.

REALISTIC PAY PLAN The compensation plan is especially rewarding to the grassroots networker that is just starting out or new to network marketing altogether. **We set this up so you can quickly earn up front cash to help fund your marketing efforts.** You can start to **put a lot of money in your pocket with a small team**. Because of this people don't drop out of the program!

STABLE PROGRAM We only chose a program that has a successful track record for operating with honesty and integrity. You can be proud to represent the program because of their legitimacy in the direct selling industry.

PHENOMINAL SUPPORT As a member of our team, you will enjoy **unparalleled support to explode your business and secure your financial future.** *You will never be alone!*

If you are looking for an opportunity and a team that is unique and that genuinely cares about you then you have found a home. Roy and I are looking to partner with others who want to make a difference in the lives of others.

We are tired of all the hype and deception and we know you are as well. **If you are looking for a home that is committed to operating from core values that place a high value on serving people and from a place of integrity then welcome to our team!**

Everything is in place to help you succeed in building long-term residual income. We want to help each and every person achieve financial freedom as they build a legacy income that can be passed on to their family members for generations!

We Offer Tremendous Upline Support For Your New Home-Based Business. Such As:

1. **Follow-Up Email Messages**. Real success in network marketing or mail order comes from a systematic follow-up system. We will automatically send ongoing messages to each of your original prospects. We will try our best to persuade your prospects to join so that more people can be enrolled into your group. This saves you time, postage and printing costs. Turnkey Income System will provide this service for you.
2. **Free Telephone Consultation** is available from us and other professional network marketers who are working this business as well. We are waiting to assist you to build your business. This alone is worth hundreds of dollars to you.

Everyday People are Using Our Breakthrough System to Achieve Financial Independence & Time Freedom

Don't Become A Statistic Like The People Below... Make A Change!

According to a recent study, many Americans have fallen short when it comes to preparing for retirement. They've adopted the philosophy that "tomorrow will never come."

Retirement is supposed to be the "golden years," not a time of financial crisis. You can get started now creating an income stream that can help the retirement years be years full of enjoyment rather than stress.

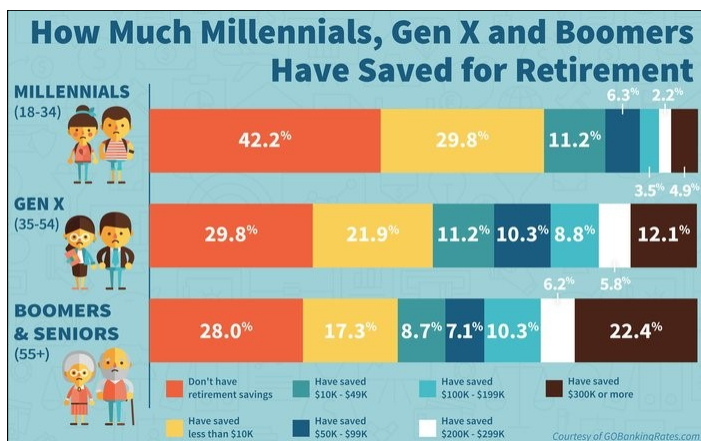

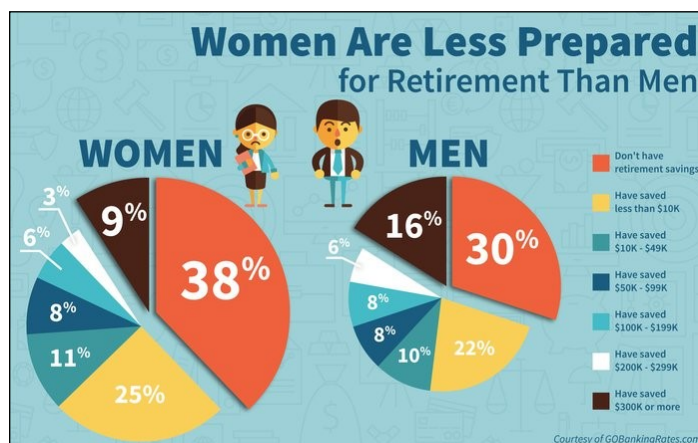

Life is too short to settle for anything less.

Start living the life you deserve and learn how you can THRIVE instead of merely survive.

There are plenty of obstacles Americans claim are in their way when it comes to saving for retirement: credit card debt, student loan debt, low wages, the need to save for a child's college education, and the list goes on.

Although all of these things can put a strain on our budgets, they don't necessarily make it impossible to prepare for retirement.

There's no BETTER way to fuel your drive for FINANCIAL & TIME FREEDOM than to create an asset in the form of a home-based business that generates residual income month after month.

56% of Americans have less than \$10,000 saved for retirement.

Most Americans are falling short of the amount of savings required for a comfortable retirement — if they are saving at all. The most common responses to the question of what people have saved for retirement across all age groups are "I don't have retirement savings" and "less than \$10K."

Our personal mission is to help everyday people achieve financial freedom by helping them create long-term residual income. You can do this with our help!

Since there is always a limit to the amount of hours you can or are willing to work, there will always be a limit to the amount of income you can earn. **“RESIDUAL INCOME” is the only kind of income that can truly set you free.**

**Imagine if you could do anything, go anywhere,
and experience EVERYTHING YOU WANT...
while the income keeps rolling in!**

What if making money could be a pleasure, not a chore? What if you could get it done in just a few hours a day — and then spend the rest of your time doing what you love? And what if it was so much fun, you actually looked forward to doing it each day?

This is your invitation to a whole new way of making money. This is your opportunity to have more money now and in the future — without slaving away at a job or sacrificing your independence. Because unlike a job or any other business, our system gives you financial and life freedom!

Instead of working for a living, you'll be living for yourself. You can do it from home, from a coffee shop, from a hotel, campsite, cruise ship... even from bed. And you can do it on your own, with a partner, with family or friends. And you don't have to do it every day either.

This is a chance to make your dreams come true. It's your chance to finally have the money you deserve... while having the time you desire for the people, places, and things you love. **It's your chance to make your family proud, and to build something lasting!**

The Decision Is YOURS... Ask Yourself:

- Are you living paycheck to paycheck?
- Where would you be if you lost your job tomorrow?
- Could you stop working and still generate income?
- Can you do what you want to do, when you want to do it?
- Are you prepared for retirement?
- When was the last time you took a vacation?
- Are you leaving a financial inheritance for your family, or will you leave a legacy of debt?

How Much Money Do YOU Want To Make?

- How soon do you want to make it?
- How wealthy do you want to be? Imagine what you'll do with your money.
- What charities will you give money to?
- What will you buy?
- How will you spend all that wonderful free time?

You see, this system really can put an end to your financial frustrations, and give you the financial boost you need — right away! It's a real-life, nuts-and-bolts, down-to-earth, step-by-step system for making serious money.

If you're struggling with your finances — you can continue to muddle through... or you can take charge of your money situation by getting involved with us today!
